

SOUNDFOLD® ABS PLEATING BRACKET

30" BLACK ABS FR PLASTIC

Patent Number: US 9,078,538 B2

ADVANTAGES

- Easier and safer to use than our original metal bracket
- Forms pleats with fullness as fabric is stapled in place
- Fabric measuring 54", pleats to 36" finish width

SPECIFICATIONS

- No rusting (replaces original metal bracket)
- Decreased weight provides freight savings
- Forms uniform pleats and fullness as you staple fabric in place
- Black galvanized staples recommended for fastening bracket and fabric
- Mount bracket 1/2" from ceiling leaving room to staple above
- Bracket will stretch and contract to allow pleat alignment with speaker brackets, light boxes, electrical boxes, etc.
- Pleats are formed at 5" O.C. typical
- Pleats have 1.75" profile typical
- Uses same staples to install bracket and drapery (Use 1/4" crown staples, 1/2" long)
- Made in USA
